PG2FUJI

PG TWO FUJI SDN BHD

all of our products are recycleable

Company Introduction

We are a company incorporated since 2002 in Malaysia.

We specialize in the manufacture of an extensive range of Polyethylene Terephthalate (PET) bottles for a wide range of applications in the domestic, commercial, industrial and healthcare sectors. We have grown steadily to become a fully integrated One-Stop production facility catering to the specifications and requirements customers.

Our Commitment

As an integrated manufacturer, we are able to deliver a comprehensive range of products to discerning customers in all market segments. Our range of PET products used by customers in packaging and food & beverage industries. Our PET bottles range in size from 60ml to 5.5 litres.

Our priority is to achieve maximum production whilst keeping rejection during the manufacturing process to a minimum. This, we have been able to achieve, because of a highly skilled and experienced workforce of 40-odd employees, who are competed in every aspect of the production process. Another focus of attention of the company is speedy and timely delivery of products to customers. We ensure this through a carefully structured management and engineering system which anticipated delays and responds accordingly and immediately to resolve issues or logistical problems.

Ultimately, our goal is to offer the best possible service and maximum quality in the products we manufacture and deliver to our esteemed customer.

Production line

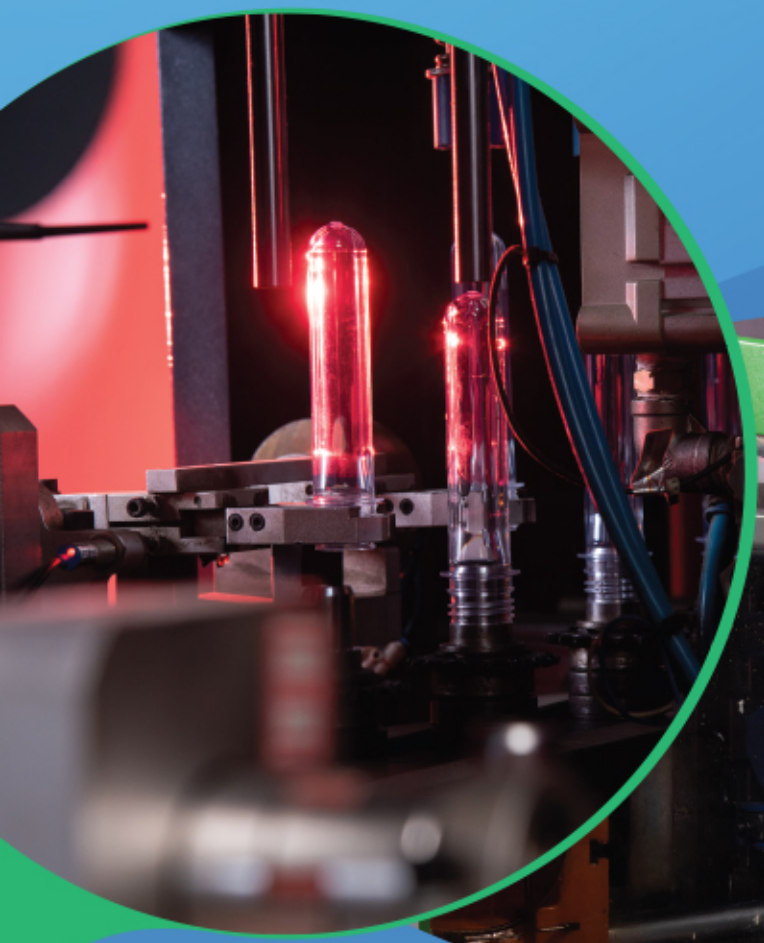

Our dedicated modern production facilities is equipped with 11 units of PET Stretch Blow Machines, 6 unit of fully auto PET Stretch Blow machine, 5 units of semi-auto Blow Stretch, 2 units of Injection Moulding Machine, 1 unit of PET Preform and 1 unit of CAP machine to cater to specific customer orders.

Production line

Silkscreen machine,
printing logo and graphics
on the bottle as requested

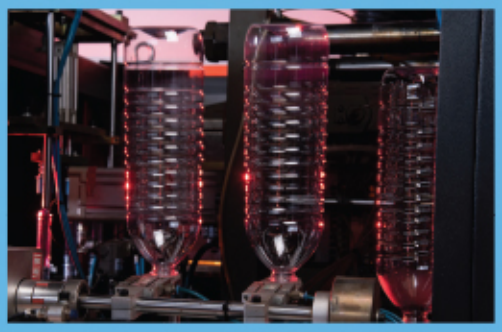

Moulding Fabrication,
high efficiency speed & precision
machine to achieve high speed /
precision function requirements.

Production line
